

Hello I am Vuk Dragaš, second semester Computer Science student at Eötvös Loránd University. Hard working and ready to learn. Welcome to my portfolio!

[About me](#) | [Professional Summary](#)

About me

"I am a second-semester Computer Science student with a passion for programming and technology. Throughout my studies I got strong foundation in programming languages such as C, C#, Python and Java. I am eager to apply my knowledge in a real-world setting and gain hands-on experience. I am passionate about Computer Science, and continuously learning new technologies to grow as a professional in the tech industry."

Professional summary

""In 2022, while still a high school student, I enrolled in ITAcademy's Software Development program, where I gained foundational knowledge in programming languages such as C#, HTML/CSS, and JavaScript. Later, I participated in the Symphony.is mentorship program, completing an intensive 10-week course focused on the fundamentals of Python. In 2024, I began pursuing a Bachelor's degree in Computer Science at Eötvös Loránd University, where I have further expanded my expertise by learning C, Haskell, and Object-Oriented Programming in Java. I am eager to apply my skills and continue growing through hands-on experience in a professional environment."

Introduction

This is my Portfolio here I will display all my Projects and all important information about my Skills & Expertise

Projects | Skills

Projects

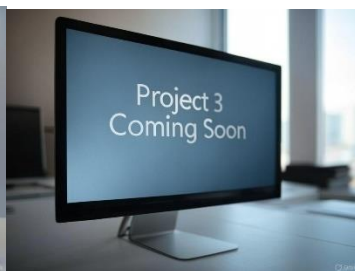

demo.mp4

<- project demo video

Project 1: User Management System in C

Project 2: Web site: "Best movies about the internet and Web"

Projects 3 and 4 are coming soon.

Skills

Table below summarises my technical skills and where I learned them

University	C#	HTML/CSS	Java	C	Haskell
ITAcademy	C#	HTML/CSS + Javascript	Java		
Symphony.is	Python

Introduction

This is my Resume here I will display all important info about my: Work Experiance and Education

Experiance | Education

Experiance

Python Mentorship Program Participant

Symphony.is | 2023

- Completed an intensive 10-week mentorship program focused on Python programming fundamentals.
- Worked on problem-solving tasks and real-world applications to strengthen programming logic.
- Gained exposure to industry best practices and coding standards.

Education

Software Development Student

ITAcademy | 2022 – 2024

- Gained hands-on experience in C#, Java, HTML/CSS, and JavaScript through a structured software development program.
- Developed foundational knowledge of web development and object-oriented programming, while building projects like Calculator app and similar.

Computer Science Student

Eötvös Loránd University | 2024 – Present

- Currently pursuing a Bachelor's degree in Computer Science with coursework in C#, C, Haskell, and Java (OOP).
- Developing strong analytical and programming skills through hands-on coding exercises and projects.
